DETAILED ACTION

Specification

1. Claims 19 and 48 are objected to because of the following informalities:

Regarding claims 19 and 48, the applicant recites limitations directed to “exhaustion of air at a user selectable rate” and “exhaustion of air from the bladder through the fluid controller at a selectable rate.” However, it appears that the specification fails to explicitly state that the air may be exhausted at a user selectable rate. Please direct the examiner’s attention to the antecedent basis if it indeed exists or correct the application as required.

The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). See the paragraph above for greater details.

Claim Objections

2. Claim 48 is objected to because of the following informalities:

Regarding claim 48, line 2, the applicant recites limitations directed to “a substantially fluid impereable bladder.” It appears that the applicant has misspelled impermeable.

Appropriate correction is required.

Art Unit: 3673

Allowable Subject Matter

3. Claims 1-3, 5-31, 33, 36-58 would be allowed over the prior art of record.

Response to Arguments

4. Applicant's arguments, see the amendment filed on 9/3/2004, with respect to claims 1-3, 5-31, 33, 36-41 have been fully considered and are persuasive. The rejection of claims 1-3, 5-34 and 36-41 has been withdrawn.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
